**MARY ANN PITTS
COMMODORE**

As we move forward with the 2016 year I want to say thank you in advance to all those who have volunteered to serve as committee chairs. One of the ways this club survives from year to year is with the hard work and dedication of all members, but specifically to those who take on the additional duties of serving as committee chairs.

The February meeting found us adding our 225th regular member. This was a long term goal of the board and only happened with a lot of hard work from last years Commodore. A question was posed at this months meeting of what are the goals of each of the Committees that have been appointed? I hope too have those by next months newsletter to share.

That brings up the question of what are my goals for this year. My goals are that each member has a safe and enjoyable club to enjoy with their families. Making the club safe can mean anything from keeping the grounds clean to repairing/replacing our breakwater and clubhouse. Hopefully, with the help of all club members we can reach some or all of these goals. I look forward to seeing you all at the Club this year.
